

SILENT CORK UNDERLAY

Name	Cork Underlay
Size	1/4" thick x 24"W x 36"L (6 x 610 x 914mm)
	1/8" thick x 24"W x 36"L (3 x 610 x 914mm)
Qty	1/4" (6mm): 50 sheets/ctn; 300 sqft/ctn
	1/8" (3mm): 100 sheets/ctn; 600 sqft/ctn
Weight	120-180kg/m3
Feature	Strength ≥ 200 kPa; Compression: 40-60% Recovery: ≥ 75%

- Easy to install
- Improve acoustic and thermal comfort
- Maximize the service life of joining system
- Avoid the diffusion of vapor

- Reduce subfloor imperfections
- Increase floor durability
- Prevent cracks and marks on the floor
- Chemical inert, moisture resistance and biodegradable.

Silent cork underlays are made out of natural cork – an excellent raw material suitable to be installed under almost any floor covering with significant improvement at thermic and acoustic levels. When compared to synthetic materials, cork becomes the right choice when looking for a solution that guarantees a viable performance but also the welfare of future generations. Acoustic silent cork underlay provides more comfort, protection and longevity to the final floor.
